Hitachi Ranked in 「IDC FinTech Rankings:Enterprise 25」

Hitachi, Ltd. (Hitachi) today announced it has been listed 11th of the IDC FinTech Rankings: Enterprise 25 2018, which lists the top25 global financial IT service related enterprises.

This ranking covers enterprise companies serving multiple industries that derive less than one-third of their revenues from financial institutions among world's IT service companies. Enterprises entered are evaluated and ranked based on entry information submitted, each enterprise's profit from the previous year, and IDC Financial Insight's original research and market analysis.

This is the 2nd time Hitachi has appeared on the prestigious list.

Hitachi continues to proactively approach FinTech, along with the development and provisioning of digital solutions through creative collaboration with various stake holders.
